

Quality and Environmental Policy

Consortio Security Ltd recognises that in order to maintain continued success we have to continually develop a quality culture throughout the organisation and therefore we commit ourselves via this policy statement, to the requirements of ISO 9001.

We also recognise that our activities could have an adverse impact on the environment therefore we have a moral obligation to protect and preserve it wherever we can. In that regard we also commit ourselves via this policy to the requirements of ISO 14001.

To underpin these commitments, our security activities are operated to British Standards: BS 7499 for Manned Guarding, BS 7984 for Key Holding, BS 8406 Stewarding and Crowd Safety, BS 7958 for CCTV Management and Operation and BS 7858 for Security Screening and in compliance with legislation.

It is the objective of our company to provide the highest levels of service that deliver client satisfaction in all aspects and by focussing on the following drivers we will promote a partnership relationship that is both mutually beneficial and profitable.

- Continual Improvement of all systems and practices
- Prevention of all forms of pollution
- Adherence to ISO 9001 and ISO 14001 including associated British Standards
- Compliance with the requirements of our Clients and all regulations and legislation applicable to our business
- Achievement of Customer Satisfaction

We will also establish and set relevant business, quality and environmental objectives and review these at regular intervals.

I take full responsibility to ensure this policy is communicated throughout the organisation and this will be achieved during induction training and its understanding verified during internal audits.

This policy shall be the subject of annual review.

Earl Knight
Chief Executive Officer
